Dear Sir:

Applicants received a "Notice to File Corrected Application Papers – Notice of Allowance Mailed," dated January 24, 2008. Therein, and in the document attached thereto, entitled "Identification of Drawing Deficiencies," it is stated that there appears to be two versions of Figure 4.

Applicants first respectfully note that there is a Figure 4A and a Figure 4B. Further, Applicants note that the patent has now issued from this application (U.S. Patent No. 7,326,541) wherein Figure 4A and 4B are correctly shown in the patent, and where there does not appear to be an incorrect duplication. Accordingly, it appears that the draftsman may have recognized his mistake and allowed the patent to proceed to issuance.

Therefore, it appears that the issue has been resolved and no further action is required on the part of Applicants. Applicants thus request reconsideration and withdrawal of the requirement set forth in the Notice.
